REMS saw blades

For REMS Puma VE, Cat VE, Tiger/VE/SR,
Cat 22 V VE, Tiger 22 V VE and other makes

Saw blades for free-hand sawing for different materials.

Alternating tooth pitch (combi-teeth) for fast, smooth cut, also when sawing mixed materials (wood/metal).

Flexible saw blades, also for sawing flush with wall.

- Corrugated teeth for smooth cut with low tooth pitch.
- Straight-set teeth for aggressive cut with coarse tooth pitch.
- Straight teeth for saw blades with very wide carbide teeth.
- Carbide-granulate for materials that are difficult to cut.
